Travel Info

This map shows planned service in severe winter weather conditions.

All outdoor stations are closed.

All service operates local in most underground areas and is subject to changes and delays.

For live service updates visit new.mta.info, check the MYmta app, look for alerts on our digital station screens, read subway platform signage, listen for announcements and local news.

In emergencies use Help Point kiosks in all stations. Look for the blue light. Call 511 for info in English and Spanish, all times.
