**PROPOSED ROUTE SUMMARY**

The proposed Q58 would maintain its existing routing. However, Q58 service would be complemented by a new proposed Crosstown route, the Q98. The proposed Q98 would provide a more direct travel path from Ridgewood to Flushing, operating via Queens Blvd and Horace Harding Expwy from Queens Center Mall to Flushing.

To match stop spacing on other Limited routes, Q58 stops would be spaced slightly further apart than Local routes to improve speed and reliability, but still within walking distance.

Frequencies would be decreased to reallocate some service to the proposed new Q98 Crosstown. Although Q58 frequencies would be decreased, the Q58 corridor (with the exception of Corona Av) would see a minor increase in combined Q58 and Q98 service. Service would still operate 24 hours.

**Route Improvements**

- Interborough route
- Improved stop spacing
- NYC DOT Priority Corridor
